## TO WHOM IT MAY CONCERN

### Letter of referral for Geosat Krakow Sp.z o.o.

We hereby testify that Geosat Krakow Sp z o.o. has worked with us from October 2004 till January 2005 on 2D seismic project in Badhra and Gorakh Block for our client ENI Pakistan.

Approximately one third of the program was located in very difficult and mountainous area while the rest was located in flat and cultivated terrain. Most of the work was completed in RTK mode and Geosat Krakow Sp z o.o. employed well maintained, modern equipment operated by well skilled and technically competent personnel.

During this project Geosat Sp. z o.o. has proven to be cooperative and responsible company which conduct their work in a professional manner, therefore we have no hesitation in recommending Geosat Krakow Sp z o.o. for any survey which requires experience and broad knowledge.

If more specified information is required, we would be pleased to supply the details.
